## HOW TO RECOVER THE MINERAL BALANCE

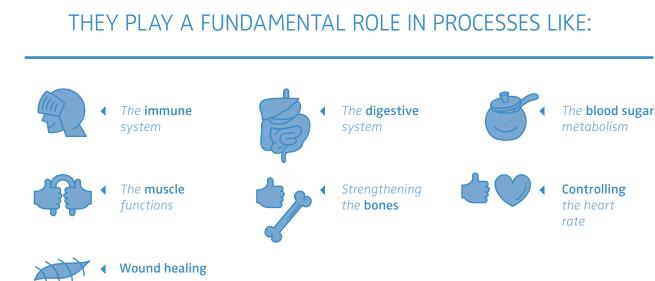

By Laboratoires Quinton

### MINERAL SALTS ARE ESSENTIAL **IN OUR BODY**

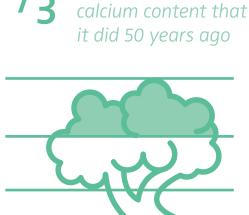

## **NOWADAYS FOOD CONTAINS FEWER MINERALS**

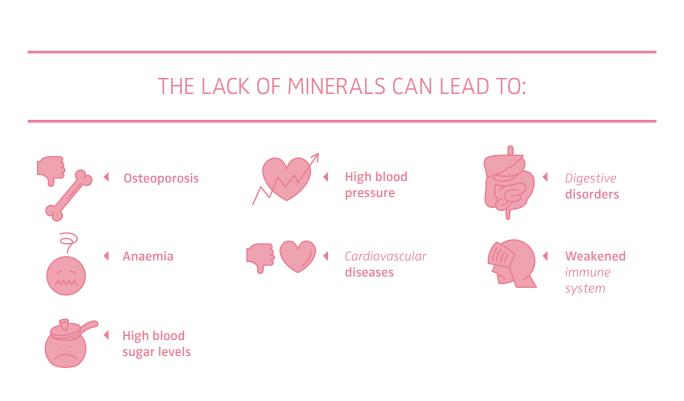

Today a **fillet of meat** has half the amount of iron that it had 50 years ago

These days **broccoli** 

has a third of the

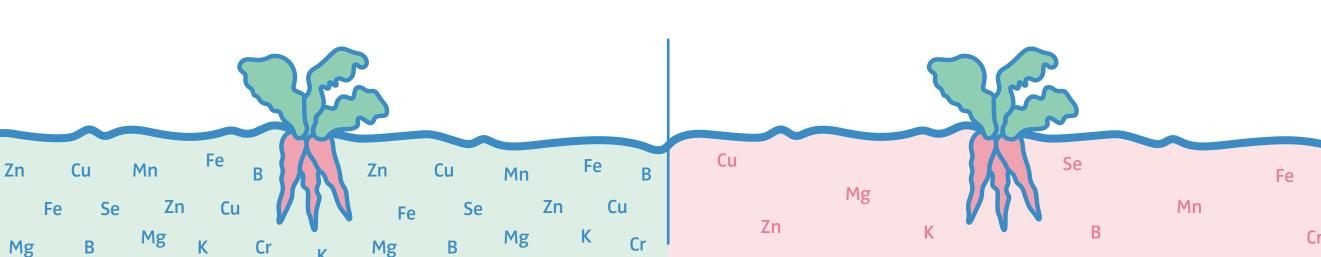

# extractive fishing

On average **fish** 

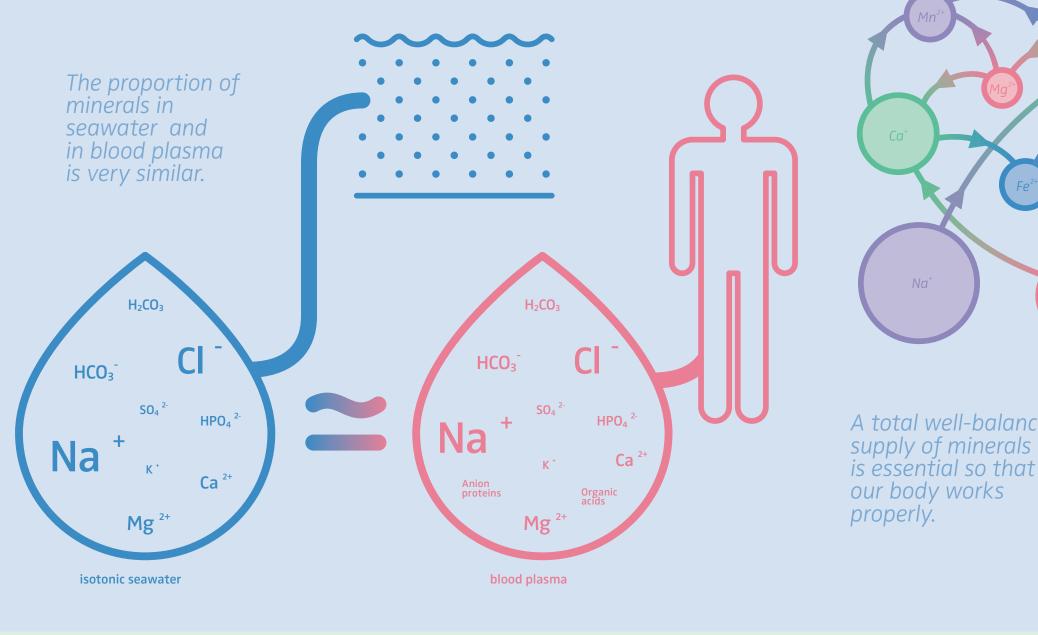

6 times less Mg than fish from

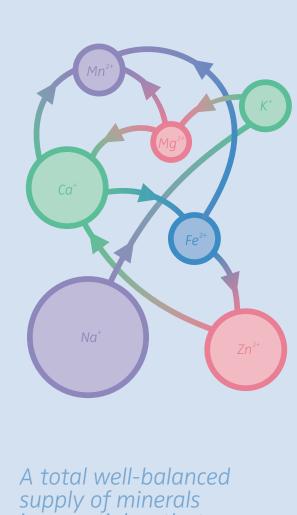

from fish farms has

## and the soil contains fewer nutrients

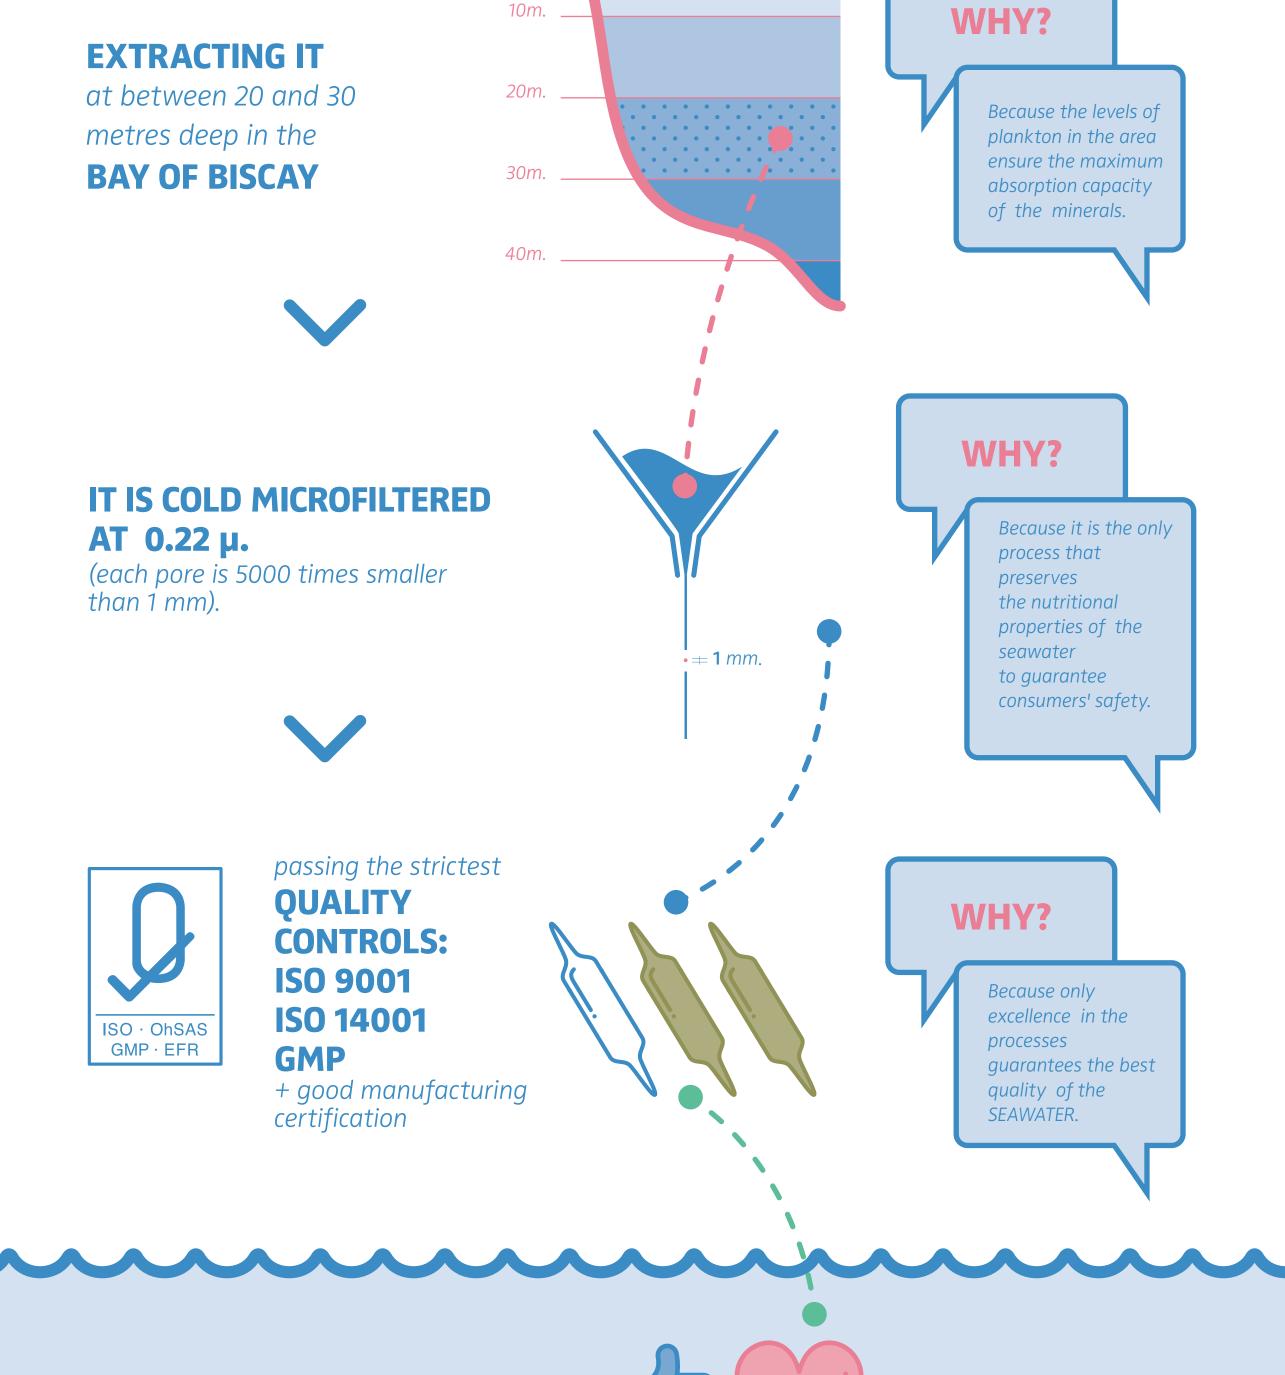

## **SEAWATER CONTAINS ALL THE** MINERALS THAT THE HUMAN BODY **NEEDS**

our body works

## LABORATOIRES QUINTON HARVESTS SEAWATER, THEN FILTERS AND STERILIZES IT FOR HUMAN CONSUMPTION

# A HEALTHY HABIT

## Due to its magnesium content, Quinton Hypertonic:

- Favours the electrolyte balance, the normal energy metabolism and it helps reduce tiredness and fatigue.
- mental functions. • It favours the protein synthesis and the normal muscle functions.
- It favours the process of cell division.

## **HYPERTONIC**

# **SEAWATER IN ITS PURE STATE**

**Drinkable** 

to convert it into:

- It helps keep our bones and teeth healthy.
- **RECOMMENDED DOSE** 1 to 6 ampoules a day.

## **SEAWATER + SPRING WATER**

Due to its chloride content, Quinton Isotonic: • Favours normal digestion by producing

the hydrochloric acid in the stomach. **RECOMMENDED DOSE** 

**ISOTONIC** 

**Drinkable** 

1 to 6 ampoules a day. "The studies carried out together with the Immunology

significant immunomodulatory activity of the Quinton products. Seawater keeps the immune system alert". **Dr. José Miguel Sempere** Medical specialist in Immunology and Professor of Biotechnology at Alicante University.
